

ENGINEERING RECRUITMENT

With over 30 years experience in the European skills markets and the backing of a global parent company, who have been successfully delivering recruitment solutions since 1950, you can trust **Volt Engineering** to understand your business needs and source the best people for your organisation.

Volt Engineering is a specialist provider of permanent and contract engineering staff to clients across Europe. Recruiting from a diverse spectrum of engineering disciplines, our clients benefit from solutions customised to their recruitment needs, delivering the right people at the right time.

Our recruitment models cater for all volumes and timescales, engineering skill sets and types of projects. We understand your world and employ our own data driven recruitment processes using Six Sigma methodologies to support our ISO 9001:2008 quality service.

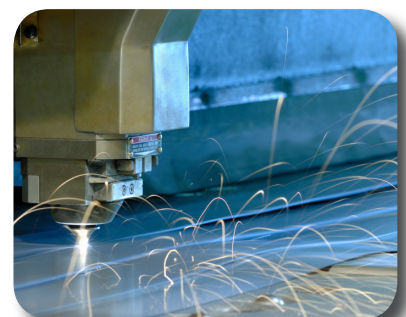

Our experienced recruitment teams have worked in the engineering industry and will leverage their knowledge and expertise to help you find the right person or job.

We recruit for all sectors including:

- Aerospace
- Automotive
- Defence
- Electronics
- Manufacturing (FMCG)
- Renewable Energy and Power Generation
- Oil & Gas
